ITALIAN DINNER FUNDRAISER

FOR THE

TUCKER TWINS AND FAMILY

SATURDAY, 28 APRIL 2012 – 6:00PM

Greg and Shellie Tucker, members of VFW & Ladies Auxiliary to VFW Post 5080 need our help. Greg, an Iraq War Veteran separated from Active Duty in January. Greg and his wife Shellie moved from Ft Stewart to Adams, NY near Ft Drum, where Greg was prepared to work and go to College on his GI Bill. Shellie, pregnant with twin girls, soon found out they are conjoined. Her doctor recommended they terminate the pregnancy. The couple sought another opinion and was accepted by doctors at the Children's Hospital of Philadelphia, PA, one of the leading Children's Hospitals that specializes in Conjoined Twins. There they learned the girls were conjoined from their breast to their belly button and possibly only had their liver connected. Greg and Shellie have been living in a Ronald McDonald House near the hospital for the past month. The girls were born on March 1, 2012 weighing in at 4.6 each.

God blessed the family. The girls do not share any organs and currently appear to only be conjoined by their skin. They were taken off their breathing tubes when they were 3 days old and are eating well.

That's the good news. The bad news is Amelia and Allie must stay in the hospital until they are separated and recover from the surgery. The separation is not scheduled to happen until they are about 6 months old. Greg and Shellie's life is on hold in Philadelphia and this family needs our help with expenses.

VFW 5080 AND LADIES AUXILIARY IS HOSTING AN ITALIAN DINNER FUNDRAISER. A $10 DONATION WILL GET YOU A FANTASTIC DINNER.
